36. (Unclassified - RJK) LIAISON Received a call from Janean L. Mann, House International Relations Committee staff, who said that Representative John H. Buchanan, Jr. (R., Ala.), wanted her to have some additional clearances. I asked her which clearances she had reference to and she said she thought they were two clearances above 'Top Secret'. I asked her if she had advised Jack Brady, Committee Chief of Staff, about her request. She replied that Representative Buchanan did not work for Jack Brady, indicating she saw no need to do this. I advised her that our procedure has been for Mr. Brady to be advised of requests for compartmented clearances. She indicated she would do so.

37. (Unclassified - MAO) LIAISON Per her request, sent to Mary Dooley, Senate Judiciary Subcommittee on Criminal Laws and Procedures, a copy of a research paper entitled "China: The Nonferrous Metals Industry in the 1970s."

38. (Unclassified - MAO) LIAISON Received a call from Michelle, on the staff of Representative Paul N. McCloskey (R., Calif.), who inquired about the letter from the Senator on bribery of foreign officials. She wanted to know how long the response will take. I called her back and told her it would take about a week.

39. (Unclassified - RJW) LEGISLATION Called the Senate Governmental Affairs Committee to check on the status of S. 1785, the "Lobbying Reform Act of 1977." I was informed that the bill is pending before the full Committee; mark-up is contemplated, but due to the Committee's schedule on the Civil Service bill, the lobbying mark-up has been postponed to date.

40. (Unclassified - RJW) LEGISLATION Bob Carlstrom, OMB, returned my call of earlier today. He said he is now in the process of developing OMB Director McIntyre's statement for the 20 June hearing on H.R. 12171, the "Federal Accounting and Auditing Act of 1978" currently before the House Government Operations Subcommittee on Legislation and National Security. I indicated that the staff here had recommended sending a CIA witness. Mr. Carlstrom said he would check with his superiors to see if that would cause any problems.
